EDUCATION

BS Computer Engineering

August 2023 - June 2027

Information Technology University, Lahore

Intermediate in Computer Science

July 2021 - July 2023

Unique Group of Institutions

SKILLS

Relevant Coursework: Machine Learning, DBMS, DSA, OOP

Programming Languages: C, C++, Python, SQL

Web & Backend: Flask, HTML, CSS

Tools & Software: MATLAB, SolidWorks, Blender, GitHub, VSCode, Microsoft SQL

Soft Skills: Event Planning, Media Production, Technical Communication

PROJECTS

ITU Connect - University Web Platform (Group Project)

- Full-stack university platform built with Flask and Python. Includes an NLP-based chatbot (Naive Bayes, TF-IDF), a PDF resume builder (ReportLab), an academic resource hub, and a timetable system. Frontend in HTML, CSS, and JavaScript.

Reservify - All-in-One Booking Web App - DBMS (Team Project)

- Booking platform for hotels, flights, rides, and events. Backend in Flask and Python with pyodbc connecting to a SQL Server database normalized to 3NF. Implements stored procedures, triggers, views, indexes, hashed authentication, and role-based access for customers, providers, and admins.

Banking System Simulation in C++ - Data Structures & Algorithms (Team Project)

- Bank management system in C++ using custom data structures. Doubly linked list for account records, hash table for fast lookups, queue for service requests, and stack for undo functionality on recent transactions.

Vehicle Parking and Rental Management System - Object-Oriented Programming (Team Project)

- Vehicle rental and parking management system in C++. Supports user login, vehicle browsing and rental, and an admin panel for adding and removing vehicles. Uses file handling for data persistence. Built using core OOP concepts including classes, inheritance, and encapsulation.

CERTIFICATIONS

AI For Everyone

August, 2025

By DeepLearning.ai, Coursera (Credential ID MEPJYKQYB6OQ)

EXTRACURRICULAR

Media and Events Director at IET OnCampus ITU

August, 2025 - June 2026

Led media coverage and event planning for IET OnCampus ITU.

Video Editor at IEEE Student Branch ITU

August, 2025 - June 2026

Produced and edited promotional video content for IEEE Student Branch ITU.

Publicity Member at IEEE WIE SBAG ITU

August, 2025 - June 2026

Assisted in promoting events and increasing outreach for IEEE WIE SBAG ITU
